Mr. Garrison

Dear Sir,

27th

You will find in this June No. of the F.C. Repository some hints of a discussion on the subject of Slavery that may perhaps be noted among the smaller signs of the times. My sphere of action in this theme is limited, but I trust the results will go in the right direction. This July No. will interest you still more.

Yours with esteem

June 5. 1852. Gro. Bush
